

Implementation and Monitoring Plan

22.1 INTRODUCTION

The responsibility of implementing the respective sector plans presented above primarily rests with the head of the department/s. The head of the department should formulate an effective implementation mechanism to ensure that the results identified above are timely achieved.

This section describes the proposed monitoring plan for the district to ensure that this plan is effectively implemented and the planned outputs are delivered efficiently and effectively and the expected outcomes are achieved. The proposed monitoring plan will have three tiers originating from the individual agencies and then to the cluster levels and finally to the district level as depicted below.

22.2 MONITORING AT THE DISTRICT LEVEL (CLUSTERS)

Different monitoring meetings will be held at the district office for each of the sectors or sub-sector clusters. (E.g. Primary Sector Cluster 1 – DoA, DoAS, Irrigation, Environment etc., Primary Sector Cluster 2 – Livestock, Fisheries, Irrigation, Environment etc.) This meeting will be chaired by the DS or DD-Planning. Participation of officials from each of department or agency is essential but DS could also summon any additional officers to participate at this meeting. The agencies that are included in each cluster or sub-cluster will be determined by the DS in consultation with officers of the respective agencies directly falling into the respective cluster. This district level-monitoring meeting will be held on a quarterly basis, at the end the month following the quarter. (E.g. 1st Quarter meeting on or before 30th April, 2nd Quarter meeting on or before 30th of July, 3rd Quarter meeting on or before 30th of October and 4th Quarter meeting on or before 30th of January). The monitoring reports in relation to results (RFW but not the activities) produced at the agency level would be presented at this meeting. A secretary would be appointed from the officials who are participating or a designated officer by the DS would keep the minutes of the meeting.

22.3 MONITORING AT THE AGENCY LEVEL

Each department/agency (E.g. RDHS, DoA, DoE, CEB, RDA, DoI, RDA, NWSDB, CAA, Police etc.) would have their own monitoring meeting chaired by head of the department and held once a month. The extent of delivery of identified outputs and achievement of expected outcomes are to be reviewed at this meeting along with level of budget utilization, extent/level of activity completion and other challenges, issues and problems encountered in delivering the outputs/services. The monitoring data sheet would be the same as that of RFW and Activity Plan where actuals are shown by inserting a line below the line where targeted are shown. Annual target column will be segregated to show data for each quarter. Please refer to the example of formats given below. There will be some outcomes that cannot be reported on a monthly basis and those cages would be left blank until such time the outcome performance data are available. (E.g. Pass-rates of A/L and O/L students can only be reported annually). Except for this type of items, all other cages should have data reported so that the monitoring mechanism would be effective and necessary actions could be discussed and implemented to improve the situation.
